

Dear Parents/Carers,

I hope you are all well.

Government Announcement

Like you, we heard for the first time yesterday evening, the Prime Minister's announcement that from the 1st of June at the earliest, Foundation 2 (Reception), Year 1 and Year 6 **may** return to school. This is part of the Government's **conditional plan** for the forthcoming weeks. At the moment, we have no more information than you do and we will wait for the Government to give us further guidance.

For now, nothing has changed and we remain open for key workers and vulnerable children only.

I will update you over the coming days and weeks as we gain a clearer picture. There will be a great deal to plan because safety of the whole school community is of the utmost importance.

On line learning

After some technical issues, we hope to get your children's logins for our on line learning platform, Seesaw, to you this week.

Home Learning Packs

Teachers are busy preparing the next learning packs for collection, the week beginning 18th May. We will send out a text when these are ready for you to pick up.

Until my next update, please keep safe and remember that we are here for you, you can contact the school on 0115 9150195.

Best wishes

Teresa Shrestha
