

Design and Technology	
Year Group	Concept: C- Make
Year 1	<ol style="list-style-type: none"> 1. I can make a product that moves. 2. I can select from, and use, a range of materials and components e.g. construction material, textiles and ingredients. 3. I can use my tools safely, including cutting tools.
Year 2	<ol style="list-style-type: none"> 1. I can choose the best tools and materials. 2. I can join things (materials, components) in different ways. 3. I can measure materials to use in a model or structure.
Year 3	<ol style="list-style-type: none"> 1. I can select and safely use a wider range of tools to use when making my product. 2. I can select from, and use, a wider range of materials and components e.g. construction material, textiles and ingredients to make sure my product looks attractive. 3. I can accurately measure and form the sections of my product making cuts and holes.
Year 4	<ol style="list-style-type: none"> 1. I can discuss why I have selected the tools and materials for my products and use them carefully (including measuring) e.g. textures and design of potion bottles.
Year 5	<ol style="list-style-type: none"> 1. I can expertly use appropriate tools and materials for my products and understand why these are being used. 2. I can make a prototype. 3. I can use accurate measurements so that everything is precise.
Year 6	<ol style="list-style-type: none"> 1. I can explain and demonstrate why I have selected specific materials. 2. I can create a simple computer program to monitor and control my product.
